## Around the Square

If there is anything that Sierra Madre lacks, it isn't authorities.

We had a lot of them at the time the proposed annexation of the upper Hastings was before the City Council.

We recall that they said publicly:

"The owners of the property are coming to Sierra Madre only as a last resort—Pasadena already has turned it down."

"The homes are to be shacks—meet no requirements."

"It'll cost the city money."

"There is no water, and there never will be."

There were the more mild statements regarding annexation made by self-delegated authorities.

Actually, none of their statements have proved true.

No definite refutation was made by the Council at the time, because the matter before it was in the earlier stage of negotiations.

However, Pasadena has seen fit to consider the annexation.

And presumably negotiations have been completed for an annexation that will benefit Pasadena, just as they could have been completed to benefit this city.

Bearing this out is a statement made by the Pasadena city manager even before the upper Hastings was in the news here a year ago: "Pasadena will consider no more annexations that are not of benefit to the City of Pasadena."

When the opponents of annexation talked "taxes," we agreed that taxes were a big consideration. But in their unrelenting search to find some means of defeating the annexation proposal before it was even given intelligent consideration, they cost the taxpayers' money.

This came about in talking of the water problem. A demand was made for another water survey—in the hopes, they readily admitted, that it would show Sierra Madre without water.

This survey cost the city about \$4700. It substantiated reports already before the Council. In fact it was based partly on reports that Councilman Herman Barter turned over to Water Engineer Harold Conkling who made the final report.

The \$4700 is the equivalent of 8 cents on the city tax rate of \$1 per \$100 assessed valuation—nearly one-tenth of the total allowable maximum tax rate.

Obviously, Sierra Madre would not have taken on additional territory without adequate water to service the area.

The water, however, is in sight. And now, unfortunately, we find ourselves as a "dog in the manger" with water.

Our right to additional water is dependent upon our using it. If our temporary right exceeds our use, then we lose the right. In effect, the city could have sold its additional water to the upper Hastings.

It could have meant revenue to the city—entirely aside from the tax balance from the regular city tax levy on the property.

At one public meeting a well informed citizen declared, "The city's water department could be a 'gold mine'."

Under its present development it could be. But without water customers it can be no more than it is now.

The houses will be built there, Sierra Madre couldn't legislate them out. And the net result has been a loss to the city which could have had a hand in the development of these 200 acres.

## County Buys More Land For Park

Continuing its program of obtaining land for the proposed Eaton Canyon Park as fast as possible, the Los Angeles County Board of Supervisors Tuesday approved the purchase of 182 acres of land.

The Fox Ridge property north of New York Drive and east of Foothill Boulevard will be acquired for \$50,000 from Mary Beatrice Fox.

Two acres of the land are along Foothill boulevard and will provide access to the park which eventually will cover nearly 600 acres from San Pasqual street north to the old Mt. Wilson toll road bridge.

County Manager Wayne R. Allen described the Fox Ridge land as "one of the finest natural, regional parks in the county park system."

## Chamber Asks 1-Hour Parking In Business Area

The Chamber of Commerce this week asked the City Council to restrict the Sierra Madre business district to one-hour parking.

The change from the previous two-hour limit was asked by the Chamber "for the improved convenience of shoppers and merchants."

At the same time, Chamber President Al E. Morgan asked all merchants and business people not to park in front of their business establishments.

"Some local businesses have as many as three employee-owned cars parked in front of their doors a good part of the day," Mr. Morgan said, "It's not fair to other merchants or shoppers."

The City Council Tuesday night referred the matter to the police committee on motion of Councilman Noren Eaton.

"There seems to be some controversy on whether the two-hour parking is wanted or whether the public wants the parking ordinance enforced at all," Mr. Eaton said.

He stated that some citizens say two possible parking places are now painted red and cannot be used. He said he would like to check what can be done.

It was intimated that an ordinance prohibiting merchants from parking at all in the business district might be what the Chamber wants.

## Summer School Faculty Listed

Faculty members for the Sierra Madre City School summer session were announced this week by Superintendent Charles A. Skutt.

Teaching grades 1, 2, and 3 will be Mrs. Mary Foote. Philip Mitchell will instruct the 4th, 5th, and sixth grades.

The four weeks summer school will begin Wednesday, July 5, and end Friday, July 28.

Mr. Skutt said work offered in the summer classes would be chiefly of the remedial type.

## Kiwanians Tell Opinions On 'Question'

A general feeling of helplessness in the face of critical world conditions and devastating weapons was expressed by Kiwanians at the Tuesday noon meeting of the club.

The meeting was a follow-up discussion of last week's meeting when the thought-provoking film, "Where Will You Hide?" was shown. The film pointed out that there can be no escape from destruction in a third world war.

Program Chairman Charles Skutt said the sequel meeting

## Independence Day

INDEPENDENCE DAY IS AN IMPORTANT DAY FOR ALL OF US. ALTHOUGH WE SET IT ASIDE AS A DAY OF FUN AND SUMMER-HOLIDAY ENJOYMENT, LET'S NOT LOSE SIGHT OF THE FACT THAT THE CRITICAL INTERNATIONAL SITUATION MAKES IT A SOLEMN OCCASION. ON TUESDAY, JULY 4, WE MUST REDEDICATE OURSELVES TO LIVING DEMOCRATICALLY. WE MUST MAKE CERTAIN THAT THE PRINCIPLES LAID DOWN DURING THIS HISTORIC SUMMER IN PHILADELPHIA ARE NOT FORGOTTEN.

## Merchants Urged To Attend Confab

All Sierra Madre merchants are urged to attend a meeting tomorrow evening, June 30, to formulate plans for a better shopping center.

The meeting will be held at 7:30 p.m. in the Council Chambers of the City Hall. It is open to every businessman and woman in town.

Sponsored by the Merchants Committee, headed by Lloyd Howard, the meeting will consider problems of specific interest to all merchants. The Chamber of Commerce will serve as unofficial moderator during the evening.

Specifically, the Merchants Committee hopes to learn what can be done to stimulate business and how business can be brought into Sierra Madre from adjacent territories.

Business people will be asked to express their opinions on what should be done about the parking-space shortage in the business area; how the merchants can speed up the city's long-delayed street repair program; and what is delaying formation of special street light district in the downtown section of Sierra Madre.

STORES TO CLOSE JULY 4th		
Sierra Madre merchants	will close their doors for a day of relaxation on Tuesday, July 4, according to	
Al E. Morgan, president of the Chamber of Commerce.	While announcing the 100 per cent observance of Independence Day, Mr. Morgan pointed out, however, that most local stores would not close Monday, July 3, to make it a five-day holiday.

## City Council Splits on Water Project Details

An apparent split on the City Council was reflected Tuesday night when details of Sierra Madre's water litigation were discussed.

The flare-up occurred when Councilman Noren Eaton moved that Mayor William A. Kinney be authorized to ask an extension of 45 days in which to answer two protests regarding the city's second application for water (5000 acre feet).

The motion passed by a three-to-two vote, Councilman Herman Barter and Mayor Kinney dissenting.

Mr. Eaton also had proposed two letters to protestants of the water application—letters the mayor was asked to sign. Mayor Kinney said:

"Do you (Eaton) want me to sign a letter if I don't understand it?"

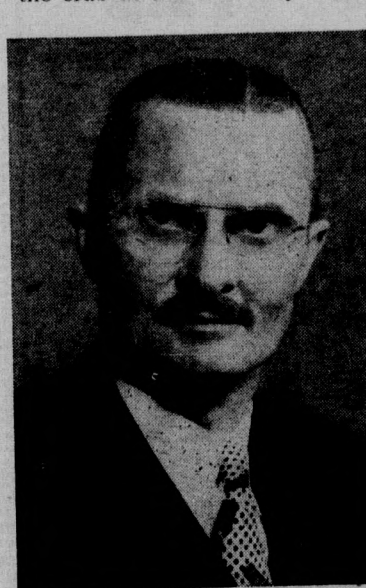

"Yes," Mr. Eaton replied, "If you are ordered to do so by the Council."

The Mayor countered with:

## Lions Elect Al Morgan '50 President

Al E. Morgan last week was elected 1950-51 president of the Sierra Madre Lions Club. He will succeed Carl Peterson as chief of the Lions.

Elected first vice-president of the club at the Thursday night

AL E. MORGAN  
... Lions president

meeting was Sterling T. Ripple, parade chairman of the 1950 Pioneer Days Parade.

Other officers elected for the coming year were J. Baxter Jouvenat, second vice-president; Douglas Dickson, third vice-president; Jerry Murray, secretary; Sidney Hamill, treasurer; E. H. Wall, tail twister; and Leo Gillette, Lion tamer.

Elected to the Lions Club Board of Directors were Harold Pangborn, Lloyd B. Welch, Percy Kortcamp, and Ralph (Pappy) Welch.

Retiring President Peterson has set Thursday night, July 20, as the tentative date for installation of new officers.

Mr. Morgan last year served the Lions Club as first vice-president. Active in the civic life of Sierra Madre, Mr. Morgan is president of the Chamber of Commerce and chairman of the City Recreation Commission. He is vice-president of the Bank of Sierra Madre.

## COUNCIL TO START WORK ON BALDWIN

### Holes Punched in Walls of House

"Malicious mischief" were the words police used to describe 32 holes punched "completely through" the plaster walls of a house under construction at 440 E. Grandview, last week.

Arcadian Henry Twombly, owner of the property, complained to police that the holes were punched "completely through" the walls of the structure. A large window at the south side of the house also was broken.

Police said a 2"x4" board evidently had been used for punching most of the holes. A painter working at the house had left at 5 p. m., and "voices of boys" were heard there by neighbors during the evening.

### LOCAL MARINE IN SHOOTING ACCIDENT

Sierra Madre Marine PFC Carlos C. Reyes was being treated for shock today, following a shooting accident at the El Toro U. S. Marine Base, near Santa Ana.

PFC Reyes, 179 E. Montecito, is reported to have accidentally shot and killed his friend, Richard C. Gomes of San Antonio, Texas, when the two were walking their entry posts Sunday evening.

The marines had stopped briefly to chat and Reyes, believing his .45 caliber Colt automatic pistol unloaded, playfully drew the gun and pulled the trigger. Gomes fell to the ground and died enroute to the hospital.

## Church Asks Plans For New Bldg.

Bethany Church members last Friday gave the "go ahead" signal for the first step in their church building expansion program.

At the quarterly business meeting of the church, members authorized the building committee to obtain detailed plans of the basement for their proposed new building.

The expanded facilities will be built directly west of the present church structure, on Montecito. The project will necessitate the removal of two houses, according to assistant pastor, the Rev. Dewey Mulholland.

"The basement will be constructed so as to be able to take any type of structure design above it," the Rev. Mulholland said. "Basement facilities will be used as a banquet hall and also will provide room for large Sunday School classes."

He explained that a new church sanctuary will be constructed above the basement. The present church auditorium

## DRUNK DRIVING NETS \$150 FINE

James Claire Morris, 610 W. Alegria, was fined \$150 Tuesday for drunk driving.

Mr. Morris was arrested shortly before noon on Tuesday, when officers said he was driving erratically near W. Grandview and Sunnyside.

Dr. Thomas Wynne, who conducted a sobriety test, said the accused was suffering from "alcoholism acute" at the time of his examination.

## Action Finally Begins On City Street Repairs

The City Council this week finally got down to action which will result in the reconstruction of Baldwin avenue from Highland to Orange Grove. But the controversial storm drain was completely dropped as "too hot to handle."

A resolution calling for bids for the resurfacing of Baldwin was adopted Tuesday night by the Councilmen. At the same time, the Council moved to ask the state and county to approve expenditures to repair other city streets.

## Vets Rally To Nip Cards

Sierra Madre's VFW Raiders came from behind Sunday afternoon to nip the St. Louis Cardinal Juniors, 14 to 13, in semi-pro baseball played at the city baseball park.

Trailing throughout the game, the Raiders rallied in the ninth inning to score three runs and upset the favored Cardinals. Local pitchers Emirhanian and Stueve allowed 15 hits, while the Cardinals' battery of Reno and Roberts were hampered by 18 veteran hits.

Decisive hits of the game were Lambert's home run and Frazier's game-winning single in the ninth.

The Raiders will meet the Hollywood Dodgers Sunday, July 2, at the ball diamond. Game time: 2 p.m.

## Planners Give Tentative Nod to Ward Subdivision

Tentative approval was given the proposed Edwin W. Ward subdivision on East Laurel and Canyon avenue at last Thursday night's meeting of the Sierra Madre Planning Commission.

The planners accepted the tentative map submitted by Mr. Ward on condition that it meets the approval of City Engineer Harry H. Shatto. The subdividers will be required to continue Sycamore Place to the south end of the property.

Because there were only two protests at both public hearings, the commission granted the request of petitioners for a zone change from R-1 to R-2 on Grandview, west of Baldwin avenue. The zone change will affect eight lots.

No protests were received during the first hearing on California Water and Telephone Company's request for a

zone change from R-1 to C-1 on its Baldwin avenue property. Second hearing will be held at the July meeting of the Planning Commission.

Mrs. Elizabeth C. Young and Ralph M. Jones presented a petition for a zone change on portions of their adjoining properties facing Lowell avenue. The change would be from R-1 L (15,000 square feet) to R-1 for future subdivision. Hearings on

## Bethany Church Tells 'Flight School' Dates

"Flight School for Christian Airmen" is the theme of the Summer Bible School which will begin Monday, July 10, at Bethany Church.

The school, open free of charge to all youngsters in Sierra Madre between the ages of 5 and 14, will end Friday, July 21, with a "Commencement and Commissioning Service" at 7:30 p.m.

According to the Rev. Clarence Nida, pastor of Bethany Church, enlistees of the Flight School will learn something of the rudiments of successful flying in the Christian life, as set forth in the Bible.

A large staff of experienced teachers and assistants have been enlisted as instructors for the Flight School which will include four squadrons consisting of junior high, junior, primary, and beginners.

The Rev. Nida said each day will begin at 9 a. m. with assembly call at the "air field." Airmen will assemble on the parade ground and then march into the assembly hall for flag salutes and roll call.

Following the daily announcement of promotions, special assembly features and lessons will be presented. Airmen then march to their squadron

meetings where they are divided into age groups and given individual instruction and handwork of their own choosing.

Such features as "flight duty," airman'ship, navigation, handcrafts, slides, and movies are to be included in the activities, the pastor explained.

He said transportation would be provided airmen of the Canyon and East Pasadena. Youngsters having transportation problems are asked to phone the church.

The Rev. Nida pointed out that previous Bible Schools have averaged more than 300 enrollees, and that last year's school had an average daily attendance of 219. The 1949 Bethany Bible School followed a "Christian Sailor" theme.

Airmen may register for the Flight School at the first session on July 10.

## Arts Guild Sponsoring Summer Painting Exhibit

By MARVIN WEESE

Local artists and art lovers gathered at the City Hall "Little Gallery" Friday evening to talk about art in a friendly informal meeting.

The occasion was the opening of the Summer Exhibit of paintings and the last meeting for the season of the Sierra Madre Arts Guild.

It is evident in this show that there is no one school of art in Sierra Madre but rather the free expression of many. From the delicacy of "Rhythm of White Branches" to the impressiveness of "Portrait of the Spanish Consul," the pictures between offer as great variety as one could wish for.

Seventeen artists exhibit 28 pictures in this show which will be open to the public through the summer.

"Boyle Heights," a water color, and "Two Models" in oil are by Roger Armstrong; "El Capitan" and "Desert Afternoon" are done in oil by Margaret Ascher; "Pencil Vendor" is an abstract in oil by Albin Carlson.

"Costume for Carmen" is a water color by Marcelle Carlson; "Orange Cannas" and "Pink Cannas" are watercolors by Margaret Cash; "Sierra Madre Haze" and "Lee Shippey" are painted in oil by Alfred James Dewey.

"Enchanted Rocks" is a water color, and "The Spanish Consul" an oil by Jose Drudis; "Indian Church Chichicaste-nanga" and "Man from Devil's Island" are oils by Blanche Luper; "Portrait" in oil, and "Roses" in pastel are by Bee

Ward McIvor.

"Figure Study" is done in colored chalk by Coray Morgan; "Vancouver Island" is painted in oil by Helen Hawley Narozny; "Alfred Dewey" is a portrait in oil by Raymond Olivier.

"Spring in Illinois" is a watercolor by Dale Turnbull; "On a Windy Hill" and "Rhythm of White Branches" are painted in water color by Catherine Tuttle; "Nanette" and "Josephine" are portraits in oil by Myrtle Weese.

"Santa Clara Mission" and "San Antonio Padua" are block prints by Marvin Weese; "The Bride" is an oil, and "Down South" a water color by Bernard Wynne.

WOW!—Three-year-old Terry Pyle plugs fingers in her ears after looking at some of the huge 'crackers' to be touched off at the Pasadena firemen's 24th annual Circus and Fireworks show in the Rose Bowl. Her daddy's a Pasadena fireman.

## Letter Tells Devastation By North Dakota Flood

A first-hand account of recent North Dakota flood experiences was included in a letter received by Dora Dukeshire, 383 W. Grandview.

The letter gives a graphic description of the flood, as experienced by the family of Albert J. Christopher, Pembina, North Dakota. Mr. Christopher is the cousin of Miss Dukeshire. Mrs. Christopher writes:

"The Red River had flooded April 30 at 51 feet, 8 inches, and we sat upstairs waiting for the water to go. It did drop some. When our floors were clear, Albert washed them all. The back porch is lower than the rest, and when I went out to look just after he finished, I wondered why he hadn't swept out all the water.

"When I asked, he replied: 'The darn stuff is coming in again.' And it certainly did come. The water came so quickly people were unable to save their things or raise heavy equipment high enough off the ground to escape the water.

"The Red Cross ordered evacuation of all older people and children, and there was a general exodus—across the river in army ducks and thence by train to relatives or friends in Minnesota . . .

"I'll be glad when I can get a washing machine going. I

haven't washed sheets, towels, or clothes for five weeks. I don't know even where I could hang a big washing to dry. At first, we had no clothesline and were unable to buy any in town. Residents had bought clotheslines to tie down their small buildings and such so they wouldn't float away. I tied all the cotton dress belts I could find into a long string and managed enough line to hang out socks. I hung the long underwear Dad has been wearing on hangers from the eve troughs . . .

" . . . This is the fifth week that the house has been standing in water, and for 20 days the water stood inside on the floor. The mud which came in with the water has a horrid smell and is under the warped boards and impossible to remove . . ."

### Average 313 Chest X-Rays Taken Daily

With nearly 600,000 free chest x-rays taken in Los Angeles County during the past 14 weeks, the X-Ray Survey Foundation this week announced the x-ray machines have been averaging a daily total of 313 films.

Number of units used in the drive to x-ray three million people 15 years of age and over has varied from seven at the start, in downtown Los Angeles, to 38 which were in operation last week.

Previous high total of x-rays taken in the 11 other major cities surveyed was Cleveland with 683,000.

### 'The Branding Iron' Publishes Articles by Shippey, Bonebrake

Two Sierra Madreans have articles featured in the June edition of The Branding Iron, Monthly publication of the Los Angeles Westerners Corral.

Lee Shippey, 297 Toyon Road, is the author of an article, "History—and Other Damned Lies," which presents anecdotes of the "old days."

Percy L. Bonebrake, 180 Santa Anita Court, offers readers a thumbnail sketch of the fabulous Lucky Baldwin.

Both local residents are prominent in the Los Angeles Westerners.

### DR. M. VALOIS AIDS SC BUILDING DRIVE

Dr. Milton W. Valois, 522 W. Sierra Madre boulevard, is among the Southern California dentists helping to raise \$250,000 to equip the clinic floor of a new building for the University of Southern California School of Dentistry, which SC will start to build on the campus this fall.

Dr. Fred B. Olds of Los Angeles is general chairman of the building committee which will reach approximately 3000 graduates of the SC dental school throughout the nation as well as about 1000 other dentists in the Southern California area.

### Boy, Born Christmas, Celebrates 'Birthday'

A new approach in birthday parties was tried last week when Douglas Rittenhouse celebrated his "2½-year birthday."

Douglas' birthday normally falls on Christmas Day and, his mother explains, it seems a shame to have a birthday party the same day as Christmas.

Guests at his party Saturday, June 24, were Melissa Nash, Richard Munson, Lorraine Balenger, and Donna Limbaugh.

Douglas is the son of Mr. and Mrs. Jack D. Rittenhouse, 223 San Gabriel Court.

### Children Blamed for Brush Blaze

Two children, ages 4 and 4½ were sternly reprimanded by Fire Chief James C. Heasley Wednesday afternoon after they allegedly started a brush fire on the city spreading grounds.

According to the chief, the boys admitted starting the fire, which burned off a sizeable chunk of grass on the city property. An almost-full box of matches was found near where the fire started, he said.

Chief Heasley said he also "scolded" the mothers—one of whom, incidentally, reported the blaze—for leaving matches within the reach of children.

### Bethany Church Alters Evening Service Time

Sunday evening services at Bethany Church will begin at 8 p. m., instead of 7:30 for the remainder of summer, it was announced this week by the Rev. Dewey Mulholland, assistant pastor.

The new schedule will allow church members to take better advantage of added daylight hours during Daylight Saving Time, he said.

Jay walkers sometimes are late walkers. Be an expert driver—not an ex spurt driver.

CATALINA LOVELIES and Treasury posters showing the historic Liberty Bell, symbol of the Treasury's current "Independence Drive" are being posted this month by a bevy of beauties modeling Catalina swim suits. The swim suits, as well as the Proto-Tools shown, are being donated in quantities by patriotic manufacturers as prizes for those volunteer Savings Bonds salesmen who do outstanding work in the current campaign.

## FIRE FLAMES

Middle of June and then July. LOOK OUT! Fun is fun, but when youngsters and even older folks fail to let go of a dangerous piece of fireworks, there is usually a tragedy—and sometimes a fatality.

Let's grow out of the old idea that the use of fireworks must go with the Glorious Fourth. Since the discouragement of fireworks has been followed, there have been many less incidents of injury and disaster. This should be proof of the value of prevention by the elimination of fireworks in the hands of amateurs.

Even though you may not approve of the idea, obey the law and you won't be losing much. The state law of California forbids the manufacture or sale of fireworks. If you permit your youngsters to use them, you are not only breaking a law, but you are failing to cooperate with your fire department.

It is the earnest desire of the local fire department to keep the fire losses of Sierra Madre low. Help us do it. If fireworks are kept out of Sierra Madre, we will be much safer from danger of fire and injury. We cannot repeat too often.

"Safe and sane" fireworks are so limited that just about anything that makes fire is outlawed. Play safe and be safe.

Members of the fire department and their families will spend the Fourth of July in the city. This is ordered so in case we have a fire, there will be an assurance of sufficient men to fight it.

Such a day of picnicking started years ago when a fire on the "Fourth" could be looked forward to. We hope that such an expectation will gradually fade. Each year there are less and less accidents and fires.

The program committee reports games and plenty of eats have been arranged for. A baseball game between them and those should prove of great interest.

Incinerators are in use to a great extent in Sierra Madre. Many are being found in unsafe condition. It is well known in fire circles that many, many fires have started at the incinerator. Most of these start because of untidiness around them.

If you permit leaves and short grass to grow to within 10 feet of the incinerator, you are inviting a fire sooner or later. A burning ember from the incinerator may go unnoticed and, hours later, be the cause of a serious fire. Creeping, simmering fire will just about always reach a place where it will develop into a blaze. A small blaze will grow into a big one.

Speaking of the members of the fire department and to hear someone say that it is easy to get members starts a little discussion. Is it easy to get suitable men for the department

in line with present arrangements?

Would a man who does not work within the city limits be of much value? Should he live here, or does it matter?

Would it be wise to open the membership to anyone who wishes to join? Would just any hale and hardy male or female be a good fire fighter or a good social member?

As long as we depend on a volunteer fire department the above are some questions for those who may think that the fire department is of only minor importance to the city of Sierra Madre.

There are too many of the "old timers" and perhaps some of the "newcomers" who have not awakened to the value of the fire department.

Some do not think much about fire because we have so few of them. And then there are those who do not realize that this little city has grown to a population of about 7199 people, which means many more residents to protect from fire.

It's not a simple matter to keep a stable and efficient volunteer fire department. Just "belonging" isn't all that's to it. A fellow MUST be interested in keeping Sierra Madre safe from fire and he MUST be fire conscious at all times—else he will not be a good member.

Yes, to those who pay little heed to the fire department—there is much to consider. To keep your place clean is to help keep the FIRES OUT.

### FIREMEN 'COOL' HOT MACHINE

One of the washing machine motors caught fire briefly Saturday morning at Wash-M-at-Dick's self-service laundry, 35 E. Montecito.

Fire Chief James C. Heasley blamed the "flare-up" on an overloaded circuit. No damage was reported.

### ZIEGLERS MOVE 'UP THE HILL'

Mr. and Mrs. W. L. Ziegler and daughter, Mary Ellen, of 41 N. Sunnyside, have purchased the William O. Bridges home at 144 W. Carter and will move in July 1.

"Our friends will have more hills to climb," Mrs. Ziegler observed, "but it will be worth the additional effort for the view we now have."

### Naval Officer And Family Choose To Live Here

Lt. Comdr. and Mrs. Charles E. Wood, Jr., are moving this week from Monrovia to the residence at 601 W. Mariposa. Commander Wood is in charge of the Naval Reserve Center at Pasadena.

The Woods have three children the oldest of whom is already a Sierra Madrean having attended Ascension School last year.

### PORTERSVILLE BOUND

Mrs. M. C. Dimick of 94½ N. Baldwin left this week for an extended visit with her daughter, Mrs. Lewis Lohn of Pottersville, Indiana.

### HOSPITAL PATIENT

Mrs. Richard Patterson of 88 Auburn is expected to return this week from Huntington Hospital, where she has been ill for the past eight days.

### County Authorizes City School Bonds

The Los Angeles County Board of Supervisors Tuesday authorized the issuance of \$86,000 in bonds and the sale of \$79,000 in bonds for the Sierra Madre City School District.

The action was a routine putting into motion Sierra Madre voters' recent approval of the school bonds to build four new classrooms for the City Elementary School.

### Man Fined \$5 for Letting Unlicensed Person Drive Car

For permitting an unlicensed person to drive his car, Richard S. Bourgeois of Los Angeles was fined \$5 Saturday by City Judge John C. Mead.

Arthur Morse, 306 Mariposa, appeared in court on behalf of his son, Melvin L. Morse, who is charged with illegal use of a car spotlight. Mr. Morse posted \$5 bail for his son.

One bench warrant was issued during city court, and three motorists forfeited bail.

### JUDGE CONTINUES RICHTER CASE

The case of Alfred H. Richter, 39 Victoria Lane, charged with failure to give the right of way to a pedestrian in a crosswalk, has been continued until next Saturday, July 1.

City Judge John C. Mead last Saturday told Mr. Richter that "I'm sure we both want to wait and see Mrs. Gilmore completely recovered before considering this case."

Mrs. Doris Gilmore, 26 N. Baldwin, was knocked to the pavement June 16 when she was walking across Baldwin avenue. Mr. Richter said he was backing out of a parking place in front of 34 N. Baldwin when he hit the pedestrian.

### ENSENADA HOLIDAY

Over the holiday weekend, Mr. and Mrs. Val Mariotti of 180 N. Mountain Trail are planning to vacation at Ensenada, Mexico. They will be accompanied by Roy Warden of Monrovia and Donna Mae Bennett of this city.

### Things 'Not So Bad' In U. S. After All

Maybe things aren't so bad in the U. S. after all.

The Birmingham (England) Mail carried a picture of a 1939 Buick sedan on the front page of its May 26 edition—the day after gasoline rationing ended in Britain.

The car owner quoted the price of the automobile at 750 pounds (\$2100). He said he was able to raise the price from 600 pounds (nearly \$1700) immediately after hearing the de-rationing news.

The newspaper was mailed to Frederick Hawkins, pressman at the NEWS, who resided for many years in Birmingham.

### EASTERN FAMILY VISITS HEASLEYS

Guests last week at the Fire Chief James C. Heasley home, 536 Oakdale Drive, were Mr. and Mrs. Clarence Dick and their daughter Jane. The family was visiting from Natrona Heights, Pennsylvania.

Mr. Dick is the nephew of Chief Heasley.

### Arcadians Plan Annual July 4th Sports, Fireworks

Arcadia's 8th Annual Fourth of July Celebration will be held all day Tuesday in the County Park.

Sponsored jointly by the Glenn Dyer Post No. 247, American Legion, and the Los Angeles County Department of Parks and Recreation, the entertainment begins at 7 a. m., continuing all day, and concluding late in the evening with a spectacular free night display of aerial fireworks.

The all-day sports program will include an open golf tournament, tennis matches, lawn bowling, horse shoes competition, a swimming meet, diving events, a baseball game, track and field events, a husband calling contest, and a pie eating contest.

Following the sporting events, at approximately 8:30 p. m., the AL post will put on the annual fireworks spectacle.

### PLANNERS

From Page One  
the request were set for July 27 and Aug. 24.

Herbert L. Brown of the Pangborn Realty Company applied for permission to resplit a lot which previously had been split for Harold Spears. The change, three feet from one lot transferred to the other lot, was granted.

The planners granted the request of V. T. Pratt to split his 140 by 301 feet lot at 165 W. Grandview into two 70-foot lots.

A variance was granted Ralph Steele, 389 N. Baldwin, so he can build on the northeast corner of Olive and Baldwin. Mr. Steele proposed setbacks 30 feet on Baldwin and 10 feet on Olive.

Fred Rick, owner of the lot just west of the Sierra Madre Library, asked for a zoning variance so a small dental office with attached living quarters can be built. Commissioners instructed him to make a proper application for a zone change from R-1 to C-1.

### LIONS SCHEDULE HAWAIIAN CRUISE

Judge William B. McKesson, incoming district governor, will lead Southern California Lions aboard the Lurline in September for their first organized cruise to Hawaii.

Spending 23 days in the Pacific, the Lions also will tour the islands of Oahu and Maui.

No members of the Sierra Madre Lions Club plan to take part in the cruise, according to club officials.

## Scouts May Go Camping

Now that summer is here, Sierra Madre Boy Scouts are eligible to attend sessions at the various camp sites owned by the Pasadena-San Gabriel Valley Boy Scout Council.

Local Scouts may take part in scheduled camps at San Antonio, near Mount Baldy; Cherry Valley, on Catalina Island; and Camp Huntington, located on the foothills of the Rubio Canyon, north of Altadena.

R. W. Lees, Sierra Madre District committeeman, pointed out this week that the camps are offered at an absolute minimum expense to boys. The camps are no-profit ventures with certain required paid executives in attendance along with other volunteer leaders.

"Only in such an organization as Scouting could such facilities be offered," Mr. Lees said. "The conduct and maintenance of anyone of these camps would incur an expense beyond the scope of any lesser organization."

"These camps are open to all registered Scouts," he stated, "and Scouting is open to boys of all races, faiths, color, or creeds."

### Support Still Needed In Sister Kenny Drive

With financial support still urgently needed if an established hospital facility is to be obtained for the Sister Kenny treatment of polio, Los Angeles County residents this week were asked to mail contributions immediately.

"Wait no longer for a volunteer to call at your door," said Superior Judge George A. Dockweiler, Southern California campaign chairman. "The polio season is approaching, and this is one sure way of assuring the children of Southern California of a place where they have the full Kenny treatment—the Ruth Home near El Monte."

Judge Dockweiler urged residents to mail donations directly to the Sister Kenny Foundation, Box 2211, Hollywood, Calif. House-to-house canvassing in Sierra Madre ended several weeks ago, with local citizens giving \$172.

## St. Elizabeth's Scene of Murphy-Humpfreville Vows

An all-white wedding at St. Elizabeth's Catholic Church in Altadena Sunday afternoon served to unite Elinor Frances Murphy, daughter of Mrs. Jewell Murphy of 327 Cypress Court, and Daniel William Humpfreville, son of Mr. and Mrs. Henry King Humpfreville of Lancaster, California.

Over 400 guests heard vows read by Fr. MacNamara, before an altar covered with white gladioli and fern. A reception followed in the Church Parish Hall.

The new Mr. and Mrs. Humpfreville will honeymoon for 10 days at Carmel-by-the-Sea and then return to their home in Lancaster, where the groom is a rancher.

Illusion satin was used in the bridal gown, which featured a tight bodice, full-length pointed sleeves, a seed pearl collar and a long train. A matching seed pearl coronet held her hem-length veil and she carried white orchids, bouvardia and stephanotis.

Preceding the bride were her three attendants, gowned in identical white marquisette over taffeta, with headpieces to match their pastel and white nosegays. They were: Mrs. William Goebel, Matron of Honor; Mrs. Stephen Marvin, sister of the groom, and Mrs. William Doyle.

Best man was Stephen Marvin and ushers were Frank Lane, Everett R. Ferris, Frank P. Brindle and Philip Humpfreville.

Mother of the bride, Mrs. Murphy, wore a grey crepe faille dress with a corsage of burnt umber gladioli. Mrs. Humpfreville, the groom's mother, chose a dusty pink gown with a deep maroon corsage.

The bride is a graduate of Santa Barbara State and USC. She intends to continue teaching kindergarten at Lancaster Elementary School for at least another year. Her husband also is an alumnus of USC.

## COUSIN OF LOCAL RESIDENT TEACHES PRINCESS TO COOK

"I Teach a Princess to Cook American Style," is the title of an article which recently appeared in the Chicago Sunday Tribune.

Author of the article was Edith Weigle, a Tokyo correspondent for the Tribune and cousin of Sierra Madrean Wilfred Weigle, 180 N. Mountain Trail.

Miss Weigle explained in the article how she helped teach Princess Shigeko, eldest daughter of Emperor Hirohito, how to cook American food.

According to Miss Weigle, the princess looks on learning to cook the American way as a wonderful new game. She never before had a chance to so much as say what she wanted to eat, let alone mess around in a kitchen.

The writer traces the events of the princess' life, describing the years of seclusion and severe discipline, a marriage made in the traditional way by other minds than her own, the events of a world war, and now such freedom as she never dreamed possible.

## Reception at Clubhouse Follows St. Rita Rites

Saturday morning at St. Rita's Shrine the wedding of Miss Margaret Ann Sweeters, daughter of Mr. and Mrs. Carl J. Sweeters of 133 Esperanza, and Eugene Charles Gable was solemnized at 9 o'clock. The vows were made before Fr. Leo Scheibel.

The bride's white gown was designed of lace and satin with a graceful trim. Her veil, held in place with a sheer lace arrangement, was of finger length and her bouquet was white carnations and gladioli.

Miss Jean Rush of Los Angeles was the bridesmaid and little Linda Anderson of Arcadia was the flower girl. Dan Cavanaugh of Los Angeles served as best man.

The bride's mother chose a navy blue dress with white accessories for her daughter's wedding and the bridegroom's mother wore an aqua lace.

A reception for more than 100 guests was given at the Woman's Clubhouse following the church ceremony.

Mr. and Mrs. Gable will reside in San Gabriel following a trip to Monterey. Mrs. Gable is a public health nurse in the Los Angeles City Schools and Mr. Gable is a grocerymen at San Gabriel, and is the son of Mr. and Mrs. John Gable of El Monte.

## Parked Cars Victims' of Hit and Run

Two cases of hit and run driving—possibly by the same car—within less than a block of each other and within a period of 16 minutes were reported to police last week.

William Stoddard, 145 E. Montecito, said his pickup truck was rammed at approximately 11:45 p. m., one night last week. The truck was parked in front of his home.

B. F. Paulson, 174 E. Montecito, reported his car, also parked in the street, was sideswiped at 12:01 a. m.—16 minutes later. Neither man was able to get outside soon enough to see the hit and run car. Mr. Paulson, however, said flecks of black paint were left on his scraped fender.

Police said tire marks on the left front fender indicate the pickup was struck at an angle. Damage to Mr. Stoddard's truck was described as "heavy."

## Past Matron Gives

Talk at Star Point

Meeting Monday

Sierra Madre Chapter of the Order of the Eastern Star honored Star Points and Hostesses at the regular meeting Monday evening, June 19th.

Visiting Star Points from the 79th District as well as other districts were present. Jessie Hickok, Secretary of the local Chapter and a Past Matron, gave a very interesting and informative talk on the history of the Eastern Star and its relation to the Masonic Fraternity, from its founder, Robert Morris, to the present ritual as it is used in California.

The Worthy Patron, George Blomquist, welcomed a number of visiting members. After the meeting, delicious refreshments were served in the dining room, which was decorated in the colors of the five star points. Community singing concluded the evening, with "Happy Birthdays" to all members who have had birthdays since the last meeting.

## RECEPTION HELD FOR L. A. COUPLE

Judge John C. Mead officiated at a wedding at his home Saturday afternoon. The young people were from Los Angeles, Felix Kulka and Valda Beck. A reception was held following the ceremony at the Nature's Friends Club House on Yucca Trail.

## 'The Traitor' Spy Thriller, Begins Run

"The Traitor," number two footlight attraction in the eight-week, eight-play Mid-summer Drama Festival series of plays by today's playwrights, opened at Pasadena Community Playhouse Tuesday, June 27.

The sizzling Broadway thriller pits a man against his gal, his friends, and his country. Offering his talents to the wrong team, a handsome young physicist finds himself the middleman in a first-rate battle between spy and counter-spy.

Included in the cast are Charles Davis, Douglas Wood, Onslow Stevens, Carolyn Jones, John Wengraf, Virginia Vincent, and Samuel Herrick, under the direction of William Greer.

## 'Copter-Trapeze Act To Pace July 4 Show

Death-defying stunts by a trapeze artist dangling beneath a helicopter will be one of the featured events of the Pasadena Firemen's 24th Annual Fourth of July Circus and Fireworks Show in the Rose Bowl.

The daring helicopter-trapeze act will be climaxed when Aerialist Ralph Wiggins parachutes to earth. Other acts include clowns, high-wire artists, acrobats, teeterboard stars, horses and dog acts, tigers and elephants. Hundreds of aerial bombs and colorful star shells will be shot off over the stadium during the hour-long fireworks program. Giant set pieces on the Rose Bowl turf will depict the Niagara Falls, a volcanic eruption, atomic missiles, the Spirit of '76, submarine warfare and other dazzling scenes.

## World's Biggest Square Dance Tops July Events

Topping the list of attractions in Southern California during July is the world's biggest dance, which will be held during the Diamond Jubilee celebrating Santa Monica's 75th birthday, July 9 to 16. More than 900 squares will cover three city blocks.

According to the Southern California All-Year Club, the annual "Flight of the Snowbirds" will be held July 30 at Newport Harbor. With 150 sailboats competing, the race is listed as the world's biggest regatta.

Huntington Beach will hold its Annual Grunion Derby July 1-3, 16-19, and 30-31, when the moon is "just right" for the tiny fish to come up on the beaches to spawn.

## MINIATURE GOLF COURSE TO OPEN

The Arcadia Sports Center announces the opening Friday night 7 o'clock, of a new Miniature Golf Course at 280 W. Huntington Drive, across the street from the Santa Anita Race Track.

Owners of the 18-hole course are Roy Bearden and Bill Murphy. Mr. Bearden is a Sierra Madrean, residing at 125 Esperanza.

The two men have been proprietors of the adjoining golf driving range for some time. Also included in the improvements to the sports center are a snack bar, large all-grass putting greens, and ample parking space.

San Diego County's interesting back country, with its colorful inhabitants, historical landmarks, fragrant evergreen forests and priceless relics of the gold-rush days blend into a mosaic of scenes to comprise a loop trip well worth a visit. The trip is a relatively short one and may be included in the Sunday itinerary of motorists traveling from most sections of the Southland.

Our theoretical starting point is the bustling beach community of Oceanside. This city serves as an agricultural producing and distributing center...

The white campanario of Mission San Luis Rey looms into view as the course heads inland. The mission was founded in 1798, completed in 1802, and is generally regarded as one of the most impressive of all the California missions. The murals on its interior columns and beams are not vivid in color now but are rich in small detail and paganistic patterning...

Motorists electing to visit the Palomar Observatory should turn off at Bonsall and follow the highway paralleling the San Luis Rey River. The town of Temecula is unique in that local residents claim the wind blows here every afternoon...

Much of the valley and mountain scenery around Fallbrook is spectacularly beautiful as the lower photo indicates...

At the entrance to the 44,000-acre Warner Ranch is a hollow known as Deadman's Hole. This name was applied when a Butterfield stage driver found a dead man beside the spring...

## UCLA HONORS CITY STUDENT

Included among the 18 students at the University of California at Los Angeles to be awarded scholarship and competitive prizes for 1949-50 was one Sierra Madrean.

He is James Lacy Smith, 410 W. Highland Avenue. According to Dr. Norman Watson, chairman of the committee on scholarships and prizes, Mr. Smith won second prize in the Robert B. Campbell Book Collecting Contest for the best student-owned book collection of 50 titles.

## AUTO CLUB'S TRIP OF THE WEEK

## Scenic Drive TO JULIAN

Echoes of the '49-er days may be noted at Julian (top photo), which today stands as one of Southern California's most interesting small towns. It was here, in the early '70's, that a discovery of gold brought on a "rush" of major proportions. Claims were staked for miles around and several producing mines developed which yielded fortunes to their owners...

Near Escondido is the San Pasqual Battlefield Monument (center photo), site of a battle between U.S. Forces and Spanish-California troops in 1846. Losses were all on the American side although the U.S. troops claimed a technical victory as the battle-ground was held. Escondido is famous for its grape and avocado products.

WHEREAS, no persons owning real property within said territory so proposed to be annexed to the City of Sierra Madre appeared before the City Council on the 25th day of April, 1950, or on the 29th day of April, 1950, the date to which public hearing on said proposed annexation was continued, who had any objections whatsoever to the annexation of said uninhabited territory to the City of Sierra Madre; and

WHEREAS, on May 23, 1950, there was filed with the City Clerk the written consent of the petitioner, John C. Hansen, wherein consent was given that the said real property, after its annexation to the City of Sierra Madre, may be taxed equally with the property within the City of Sierra Madre, to pay any and all indebtedness or liability of the City contracted prior to or existing at the time of annexation; and

WHEREAS, all proceedings have been in conformity with law:

NOW, THEREFORE, the annexation of that certain uninhabited territory contiguous to the City of Sierra Madre, in the County of Los Angeles, State of California, designated as "Hansen Annexation" as hereinafter more particularly described, hereby is approved, and that said property, after its annexation to the City of Sierra Madre shall be taxed equally with the property within the City of Sierra Madre to pay any and all indebtedness or liability of the City contracted prior to or existing at the time of annexation.

Said real property is bounded on the south by certain property in the City of Sierra Madre and is more particularly described as follows:

That portion of Lot 5 in the northeast quarter of Section 18, Township 1 North, Range 11 West, S. B. M., in the County of Los Angeles and State of California, according to the official plat of the survey of said land on file in the Bureau of Land Management, described as follows: BEGINNING at the most southerly corner of said lot, thence along the East line of said Lot 5, north 0°14'50" west 194.39 feet, more or less, to the northeast corner of the land described in the deed to John C. Hansen et ux, recorded May 10, 1945, as Document No. 222, in Book 21938, Page 238 of Official Records of said County; thence along the north line of said land described in said deed south 89°29'15" west 372.51 feet, more or less, to the southwest line of said Lot 5; thence along said Southwest line south 62°53'55" east 419.38 feet, more or less to the point of beginning.

SECTION 2. The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper published and circulated in said City of Sierra Madre, and hereby designated for that purpose, and thirty days from and after the passage thereof, the same shall be in full force and effect.

I HEREBY CERTIFY that the foregoing Ordinance was adopted at a regular meeting of the City Council of the City of Sierra Madre, held on the 13th day of June, 1950, by the affirmative vote of at least three Councilmen, to wit:

AYES: Councilmen Eaton, Black, Barter, Korsmeier and Kinney.

NOES: None.

ABSENT: None.

Lawrence B. Brain,  
City Clerk of the City of Sierra Madre.

SIGNED AND APPROVED  
THIS 13th day of June, 1950.

W. A. Kinney,  
Mayor of the City of Sierra Madre.

ATTEST:  
Lawrence B. Brain, City Clerk.  
6-29-50

ADVERTISEMENT FOR BIDS  
Notice is hereby given that the Board of Trustees of the Sierra Madre City School District of Los Angeles County, hereinafter referred to as the "Owner," will receive up to but not later than 8:00 o'clock P.M., of the 11th day of July, 1950, sealed bids for the award of contract for the installation of acoustical tile at the Sierra Madre Grade School located at

141 W. Highland Ave., Sierra Madre, California. Such bids will be received in the office of the Owner, at the above address and will be opened and publicly read aloud at the above stated time and place.

Each bid must conform and be responsive to this invitation, the plans, specifications, and all the other documents comprising the pertinent contract documents. Copies of the Contract Documents are now on file and open to public inspection in the said offices of the Owner, and of Marsh, Smith & Powell, Architects, located at 300 Lane Mortgage Bldg., in the City of Los Angeles, in said County and State and may be obtained at the latter place, without deposit.

Each bid shall be made out on a form to be obtained at either of the said offices in which the Contract Documents are on file.

Each bid shall be accompanied by a certified or cashier's check payable to the Owner, or satisfactory Bid Bond in favor of the Owner, executed by the bidder as Principal and a satisfactory surety company as surety, in an amount not less than five per cent of the bid. The check or bid bond shall be given as a guarantee that the bidder will execute the Contract if it is awarded to him in conformity with the Contract Documents and will provide the surety bond or bonds as specified therein within five days after notification of the award of the contract to the bidder.

The Owner reserves the privilege of rejecting any and all bids or to waive any irregularities or informalities in any bid or in the bidding.

Pursuant to the Labor Code of the State of California, the said Board of Trustees has ascertained the general prevailing rate of per diem wages for each craft or type of workman needed to execute the contracts which will be awarded the successful bidders; and these prevailing rates are contained in said specifications adopted by the Board, and are as follows: CLASSIFICATIONS:

FOREMEN—All foremen not herein separately classified, shall be paid not less than 17½ cents per hour as to the SIX BASIC TRADES, and 12½ cents per hour as to the SUB-TRADES, more than the journeyman rate for the craft involved.

APPRENTICES—May be employed in conformity with Section 1777.5 of the California Labor Code.

Trade or Occupation	Hourly Wage Rate
Carpenter	\$2.0375
Laborers, general or construction	1.4875
Painters, Brush	1.85

Except as noted in the wage schedule, the rates of per diem wages for each of the various classifications of work shall be the hereinbefore set forth prevailing rates of hourly wages multiplied by eight (8). Eight (8) hours shall constitute a day's work; it being understood that in the event that workmen are employed less than eight (8) hours per day, the per diem wages shall be deemed to be that fraction of the per diem wages herein established that the number of hours of employment bears to eight (8) hours.

Overtime shall be paid for work performed in excess of the regular day's or week's work and at the rate for overtime of the craft involved.

Holidays as herein referred to shall be deemed to be New Year's Day, Decoration Day, Independence Day, Labor Day, Armistice Day, Thanksgiving Day, and Christmas. If any of the above holidays fall on Sunday, the Monday following shall be considered a legal holiday.

It shall be mandatory upon the Contractor to whom a contract is awarded, and upon all sub-contractors under him, to pay not less than said general prevailing rates of per diem wages to all workmen employed in the execution of the contract.

No bidder may withdraw his bid for a period of 30 days after the date set for the opening of bids.

## LEGAL NOTICE

**Ordinance No. 502**  
**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, CALIFORNIA, APPROVING THE ANNEXATION TO SAID CITY OF CERTAIN TERRITORY IN THE COUNTY OF LOS ANGELES AND DESIGNATED AS "HANSEN ANNEXATION."**

SECTION 1. WHEREAS, pursuant to the provisions of the "Annexation of Uninhabited Territory Act of 1939," (Stats. 1939, Ch. 297), as amended, the verified petition of John C. Hansen was filed with the City Council requesting the annexation to the City of Sierra Madre, State of California, of that certain uninhabited territory contiguous to said City of Sierra Madre, designated as "Hansen Annexation" and herein-after more particularly described; and

WHEREAS, at a regular meeting of the City Council, held on the 28th day of March, 1950, Resolution No. 1102 of said City Council was approved and adopted by said Council, giving notice of and fixing the 25th day of April, 1950, at the hour of 8:00 o'clock P. M. in the Council Chambers in the City Hall of the City of Sierra Madre as the day, hour and place when and where any and all persons owning real property within said territory so proposed to be annexed, and having any objections to the proposed annexation, might appear before the City Council of the City of Sierra Madre and show cause why said territory should not be so annexed, as aforesaid; and

WHEREAS, a copy of said Resolution was duly published in the City of Sierra Madre at the times and in the manner required by Section 35311 of the Government Code; and

WHEREAS, no persons owning real property within said territory so proposed to be annexed to the City of Sierra Madre appeared before the City Council on the 25th day of April, 1950, or on the 29th day of April, 1950, the date to which public hearing on said proposed annexation was continued, who had any objections whatsoever to the annexation of said uninhabited territory to the City of Sierra Madre; and

WHEREAS, on May 23, 1950, there was filed with the City Clerk the written consent of the petitioner, John C. Hansen, wherein consent was given that the said real property, after its annexation to the City of Sierra Madre, may be taxed equally with the property within the City of Sierra Madre, to pay any and all indebtedness or liability of the City contracted prior to or existing at the time of annexation; and

WHEREAS, all proceedings have been in conformity with law:  
NOW, THEREFORE, the annexation of that certain uninhabited territory contiguous to the City of Sierra Madre, in the County of Los Angeles, State of California, designated as "Hansen Annexation" as hereinafter more particularly described, hereby is approved, and that said property, after its annexation to the City of Sierra Madre shall be taxed equally with the property within the City of Sierra Madre to pay any and all indebtedness or liability of the City contracted prior to or existing at the time of annexation.

Said real property is bounded on the south by certain property in the City of Sierra Madre and is more particularly described as follows:  
That portion of Lot 5 in the northeast quarter of Section 18, Township 1 North, Range 11 West, S. B. M., in the County of Los Angeles and State of California, according to the official plat of the survey of said land on file in the Bureau of Land Management, described as follows: BEGINNING at the most southerly corner of said lot, thence along the East line of said Lot 5, north 0°14'50" west 194.39 feet, more or less, to the northeast corner of the land described in the deed to John C. Hansen et ux, recorded May 10, 1945, as Document No. 222, in Book 21938, Page 238 of Official Records of said County; thence along the north line of said land described in said deed south 89°29'15" west 372.51 feet, more or less, to the southwest line of said Lot 5; thence along said Southwest line south 62°53'55" east 419.38 feet, more or less to the point of beginning.

SECTION 2. The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper published and circulated in said City of Sierra Madre, and hereby designated for that purpose, and thirty days from and after the passage thereof, the same shall be in full force and effect.

I HEREBY CERTIFY that the foregoing Ordinance was adopted at a regular meeting of the City Council of the City of Sierra Madre, held on the 13th day of June, 1950, by the affirmative vote of at least three Councilmen, to wit:

AYES: Councilmen Eaton, Black, Barter, Korsemeier and Kinney.  
NOES: None.  
ABSENT: None.  
Lawrence B. Brain,  
City Clerk of the City of Sierra Madre.

SIGNED AND APPROVED THIS 13th day of June, 1950.

W. A. Kinney,  
Mayor of the City of Sierra Madre.

ATTEST:  
Lawrence B. Brain, City Clerk.

## ADVERTISEMENT FOR BIDS

Notice is hereby given that the Board of Trustees of the Sierra Madre City School District of Los Angeles County, hereinafter referred to as the "Owner," will receive up to but not later than 8:00 o'clock P.M., of the 11th day of July, 1950, sealed bids for the award of contract for the installation of acoustical tile at the Sierra Madre Grade School located at

141 W. Highland Ave., Sierra Madre, California. Such bids will be received in the office of the Owner, at the above address and will be opened and publicly read aloud at the above stated time and place.

Each bid must conform and be responsive to this invitation, the plans, specifications, and all the other documents comprising the pertinent contract documents. Copies of the Contract Documents are now on file and open to public inspection in the said offices of the Owner, and of Marsh, Smith & Powell, Architects, located at 300 Lane Mortgage Bldg., in the City of Los Angeles, in said County and State and may be obtained at the latter place, without deposit.

Each bid shall be made out on a form to be obtained at either of the said offices in which the Contract Documents are on file.

Each bid shall be accompanied by a certified or cashier's check payable to the Owner, or satisfactory Bid Bond in favor of the Owner, executed by the bidder as Principal and a satisfactory surety company as surety, in an amount not less than five per cent of the bid. The check or bid bond shall be given as a guarantee that the bidder will execute the Contract if it be awarded to him in conformity with the Contract Documents and will provide the surety bond or bonds as specified therein within five days after notification of the award of the contract to the bidder.

The Owner reserves the privilege of rejecting any and all bids or to waive any irregularities or informalities in any bid or in the bidding.

Pursuant to the Labor Code of the State of California, the said Board of Trustees has ascertained the general prevailing rate of per diem wages for each craft or type of workman needed to execute the contracts which will be awarded the successful bidders; and these prevailing rates are contained in said specifications adopted by the Board, and are as follows: CLASSIFICATIONS:

FOREMEN—All foremen not herein separately classified, shall be paid not less than 17½ cents per hour as to the SIX BASIC TRADES, and 12½ cents per hour as to the SUB-TRADES, more than the journeyman rate for the craft involved.

APPRENTICES—May be employed in conformity with Section 1777.5 of the California Labor Code.

Trade or Occupation	Hourly Wage Rate
Carpenter	\$2.0375
Laborers, general or construction	1.4875
Painters, Brush	1.85

Except as noted in the wage schedule, the rates of per diem classifications of work shall be the hereinbefore set forth prevailing rates of hourly wages multiplied by eight (8). Eight (8) hours shall constitute a day's work; it being understood that in the event that workmen are employed less than eight (8) hours per day, the per diem wages shall be deemed to be that fraction of the per diem wages herein established that the number of hours of employment bears to eight (8) hours.

Overtime shall be paid for work performed in excess of the regular day's or week's work and at the rate for overtime of the craft involved.

Holidays as herein referred to shall be deemed to be New Year's Day, Decoration Day, Independence Day, Labor Day, Armistice Day, Thanksgiving Day, and Christmas. If any of the above holidays fall on Sunday, the Monday following shall be considered a legal holiday.

It shall be mandatory upon the Contractor to whom a contract is awarded, and upon all sub-contractors under him, to pay not less than said general prevailing rates of per diem wages to all workmen employed in the execution of the contract.

No bidder may withdraw his bid for a period of 30 days after the date set for the opening of bids.

## STREET WORK

From page One  
the east side of Baldwin.  
At Tuesday night's meeting, however, he told the Council his plans for installation of the drain and facilities would cost approximately \$31,931—nearly \$4500 more than last year's bid despite his reworking of the plans.

As a result of the cost and the fact that the U. S. Army Engineering Corps may someday put in a drain of its own, the Council abandoned the drain plans to go about the work of resurfacing the street itself.

As far as Sierra Madre boulevard is concerned, it was announced Tuesday that Mr. Shat-

to and City Attorney T. Guy Cornyn will meet with PE officials on July 7, regarding the removal of the PE tracks.

## The Council also:

Answered a letter of Clara L. Sykes, 91 W. Highland, telling her that the "dilapidated animal net" of the police department will be replaced. Miss Sykes had protested the city's sending out police officers with defective equipment to catch vicious animals.

Verbally answered Mrs. Mae R. Wright's letter in which she stated the cost of the proposed fish net at the city ball field and the fence around the city water property should be charged against the Recreation Commission, not the "taxpayers and water users." Mrs. de Wright said street signs, street lights, and street repairs were "at the bottom of the files," but that the Recreation Commission "always gets anything it wants."

The Councilmen told her that the fence around the water property had first been proposed six years ago, and that constructing a ball field had eliminated an "unsightly dump." They assured her that the street repairs, signs, and lights definitely "were not at the bottom of the files."

Denied a request of City Clerk Lawrence B. Brain to employ an extra City Hall worker to take the place of Mrs. Ruth Custer during her vacation, July 3 to 15.

Referred to the city engineer and city attorney a letter from Edward A. Davey asking that a title search be made of a 30-foot strip of land on the existing right-of-way on Monterey Lane.

Extended the Council's appreciation of the "fine work" city employees did in laying 210 feet of pipe north on Michillinda. The job was performed

at a great saving to the city, the Councilmen agreed.

Hired Emmanuel Rhodes in the street department to aid in the city's weed abatement program and, later, as a part-time employee in the same department.

Requested the city attorney to effect a transfer of lease of a cabin in the Little Santa Anita Canyon. Interests in the property will be transferred from R. Nicks to Mr. and Mrs. A. L. Pittinger and Mr. and Mrs. Frederick Daenitz.

Agreed to write a "note" to Mrs. Walter S. Calkins, 601 E. Grandview, answering her communication with the Council in which she asked that additional city personnel be instructed in how to shut off broken fire hydrants. A recent accident near her home caused a heavy loss of city water, she said, when no one could be reached to shut off the water pouring out of a sheared-off fire hydrant. Mrs. Calkins also asked more police patrolling to curb speeders on Grandview.

Appointed Miss Martha Pritchard to serve again on the Library Board, and ordered a letter of thanks to Ross Hickcox for his "faithful service" on the board. The Councilmen said they "regret Mr. Hickcox is not available for reappointment." One vacancy still exists on the board.

Granted permission to the VFW Post to chop down three pepper trees on the west side of the baseball field. The VFW had volunteered to provide labor and cost of the project.

Authorized City Attorney Cornyn to take the necessary steps toward the formation of a special downtown street light district. Cost of the district will be computed on a front foot basis, and it was understood the downtown area would get approximately 30 metal light poles. Property owners, Mr. Cornyn, and Mr. Eaton will determine which of several alternate street light plans will be followed.

Adopted an organization chart for the city, showing the relation of the various city employees. Each foreman or department head will be furnished a copy of the chart, with compliance effective July 1.

Plenty of scratch pads at the NEWS office. Good for grocery lists, memos and children's drawing.

QUEEN ANNE NICHOLSON is pensively happy as she reflects the honor accorded her as she was named to reign over all the events of Santa Monica's Diamond Jubilee Celebration, in which the beach city will observe its 75th birthday in a week-long observance opening July 12. A student in St. Monica's High School, Anne was selected from 15 candidates.

## At June Meeting

The Altar Guild of the Church of Our Savior, San Gabriel, was entertained at the home of Mrs. Edward Clinton Young, 131 Orange Grove, Friday, for the final meeting of the year.

The luncheon was served in the playhouse by the pool and after the business portion of the meeting, swimming concluded the day.

## Graduation Party

## Sees 'The Drunkard'

Hissing the villain and applauding the heroine of "The Drunkard" at the Theater Mart in Los Angeles the other night, was a graduation party hosted by John Gates of Arcadia, student at Chaffey Junior College, and Kathy Wolkoy, Arcadia, who attended Monrovia High School.

Among the five other Monrovia High students attending the event was Miss Sally Woolsey of Sierra Madre.

## MAD Summer Night

## School Begins July 3

Monrovia-Arcadia-Duarte Evening High School's summer term will begin Monday, July 3, and end Aug. 11 (no classes on July 4).

Classes for the six-week session are located in various parts of the high school district to make them easily accessible to the public. School officials say there is a greater variety of courses offered this year than ever before.

Adults may register at the first meeting of their class. Contact school for list of courses available.

## CONSENSO MEETS

## AT BAUMEN HOME

The conserso group met at the G. G. Baumen home on West Sierra Madre Blvd. Tuesday evening. A film, 'Fraud Fighters' was presented by W. F. McRay.

## FORMER BUSINESSWOMAN

## VISITING HERE

Mrs. Marjorie Janes Stitt, former owner of the Marjorie Janes Shop, is reported visiting in Sierra Madre this week. The Stitt family formerly resided in Sierra Madre and now live near San Francisco.

will be used for classes. Members of the church previously had voted not to tear down the picturesque Baldwin avenue structure.

Mr. Mulholland said a special meeting of the church membership would be called to approve the basement plans when they are completed.

## KIWANISANS TELL

## From Page One

had been planned to see if there was an answer to the question: Where will you hide? Although no solutions were offered, several additional points were raised, among them:

The public should be given more facts; the Korean situation is a final testing grounds for the UN; the UN charter should be amended to eliminate the "veto clause" and establish an international police force; no one is entitled to "hide" and send someone else out to die; there is no material defense, and the situation must be met on a spiritual basis; and atomic weapons should be left on the stockpiles and not used as weapons of war.

Guests at the Kiwanis Club meeting were Tom Hufford, Ray Valois, Karl V. Freden, Paul Steward, and Bill Hauber.

## Indian Gives Ring To P. Bonebrake

Percy L. Bonebrake, 180 Santa Anita Court, is mighty proud of a turquoise ring which was given him last month as a birthday gift.

The ring was presented by a Cherokee Indian friend, Iron Eyes Cody. Iron Eyes is the technical director for Indian scenes in Hollywood-produced motion pictures.

Mr. Cody is called in by movie studios when technical advice is required for the staging of Indian sequences. As Mr. Bonebrake puts it, Iron Eyes prevents the mistaking of Pawnee war dances for Cheyenne feast dances.

The Indian also appears regularly on the Tim McCoy television show.
